

INTERNATIONAL IMol·ReMedy MiNI SYMPOSIUM

Group Leaders Recruitment

14 th
JUNE
2022

AGENDA

14:30-16:30	Session I Chair - Dr Anna Marusiak	
14:30-14:40	Prof. Agnieszka Chacińska Prof. Phillip Sharp	Introduction about IMol Welcome from the Chair of the Board
14:40-15:10	Katarzyna Kliza Radboud Institute for Molecular Life Sciences	Decoding post-translational modification signaling networks
15:10-15:40	Nicola De Franceschi University of Warsaw	Overcoming the membrane barrier: towards mitochondrial genome editing
15:40-16:10	Tomasz Włodarski University College London	A computational microscope to capture and target co-translational protein folding in the cell
16:10-16:30	Break	
16:30-17:30	Session II Chair - Dr Maciej Cieśla	
16:30-17:00	Paweł Mikulski University of Oxford	Plasticity and memory - mechanistic flavours of chromatin regulation across model organisms
17:00-17:30	Ewelina Małecka Johns Hopkins University	Choreography of RNA-protein interactions for gene regulation
17:30	Closing of the symposium	

The seminar is free and open to the public. Please register for the access link.
